

GOVERNMENT IS SUSTAINED IN MANITOBA VOTE

Winnipeg, Man.—Hon. John Bracken will be Prime Minister of Manitoba for another five years. The general elections resulted in the return of government candidates on a sweeping scale.

The result of the voting puts the stamp of popular approval on the recent Liberal-Progressive coalition. Col. F. G. Taylor, Conservative leader, declined to join a coalition government when it was proposed by Premier Bracken last autumn. Col. Taylor stated elected in his own constituency of Portage in Prairie, but many of his followers went down to defeat.

Chief opposition to the government was provided by the Conservatives who contested practically every constituency in the province and waged a vigorous campaign.

With 13 candidates in the field, the Independent Labor Party fought a lively fight in Winnipeg and a few other ridings. Party returns showed only one Labor man, John Queen of Winnipeg, elected.

One cabinet minister, Hon. Ewan McPherson, one of the new Liberal recruits to the cabinet, went down to defeat in Portage in Prairie before the popular Conservative leader, Col. Taylor.

Stanford Evans, chief financial officer of the Manitoba legislature, was assured of election in Winnipeg and was returned to his home in the lead of the other 28 candidates contesting the city's 16-member constituency.

Mr. Evans is one of the best known Conservatives in Manitoba and is known throughout Canada as an authority on grain trade and business statistics.

A. B. Roblin failed in his first attempt to follow his father, Sir Edmund Roblin, in a political career. Sir Edmund was the last Conservative Prime Minister of Manitoba, but his son, running as a Conservative in Dufferin, was unable to capture the seat.

Decision Rests With Immigration Minister

Alleged Communists Have No Further Recourse To Higher Courts

Halifax, N.S.—Fate of the group of alleged Communists who have been detained in Halifax for some weeks while their efforts to evade deportation were before the court, now rests in the hands of the minister of immigration, Hon. Wesley A. Gordon. It was stated by L. A. Ryan, counsel for the group, that there was no further recourse to higher courts as the decision of the full bench of the supreme court of Nova Scotia had been unanimous.

Arms Conference Has Suspended Activities

Discussions On Disarmament Postponed For An Indefinite Period

Geneva, Switzerland.—Disarmament has been temporarily sidetracked and war debts and reparations discussions came to the fore, almost on the eve of the Lausanne financial conference. The World Disarmament Conference suspended formal activities for an indefinite period pending private conversations among political leaders looking toward some solution of the disarmament problem.

Prepared For Eventualities

Fascists In Germany Will Face War If Necessary

Berlin, Germany.—The German Fascist party "will not shrink if it is the last means of protecting our political and social freedom," Gregor Strasser, head of the entire organization of Adolf Hitler's party, declared in the first political broadcast any German government has permitted a Fascist to deliver.

"We National Socialists do not desire a new war," Strasser said, "but we will not shrink from war."

Making Maiden Trip

London, England.—The "Georgie," which shares with the "Britannic" the honor of being the largest British-built liner in the world, will sail on her maiden voyage from Liverpool for New York on June 25. A member of the White Star fleet, she is a 27,000-ton vessel.

W. N. U. 1947

Big Car Contract

Ford Motor Company Of Windsor To Supply English Firm

East Windsor, Ont.—On his return from England recently, Wallace R. Campbell, president of the Ford Motor Company of Canada, announced that a contract had been entered into by his firm with the Ford Motor Company of England whereby the East Windsor plant of the Canadian company will supply the English firm with \$3,000,000 worth of Ford V-8 motors during the next 12 months and with 1,500 to 1,800 complete V-8 cars, scheduled for delivery in July.

The Canadian company will distribute the new 8 horsepower English Ford in its export markets, New Zealand, Australia, South Africa, Africa, Malay States and other British territories, while the English company will sell the V-8 in Great Britain, Spain, Sweden and other European and Asiatic countries, for which the English Ford company holds selling rights.

Mr. Campbell emphasized that the business was taken at extremely close figures and represents practically 100 per cent. payroll in Canada, not only at the East Windsor plant, but at the Ford plant in tire and parts manufacturing centres.

Burial Of Violet Sharpe

Brief Services Attended By The Acting British Consul-General

Engineer, N. L. Violet, Sharpe, English servant girl in the home of Mrs. Dwight W. Morrow, was buried after a brief service attended by fellow countrymen and the acting British consul-general who has been instructed to make a report on the girl's suicide five days ago.

The simple cloth-covered casket was borne to a grave in Brookside cemetery and the body of the late Senator Dwight W. Morrow, grandfather of the murdered Lindbergh baby, on the shoulders of four male employees.

No member of the Morrow or Lindbergh family attended the final rites, which were presided over by Arthur Springer, the late senator's private secretary, and Mrs. Josephine D. Graham, Mrs. Morrow's private secretary.

British Immigration

Question Has Not Yet Come Up For Discussion At Inter-Provincial Conference

Edmonton, Alberta.—Commenting on Senator A. D. McLean's suggestion as reported from Winnipeg, to the effect that the question of British immigration to western Canada be considered at the forthcoming inter-provincial conference in Regina, Premier J. E. Brownlee says that any source in regard to the matter, and he presumes that if the Dominion government were proposing to put it on the programme for the imperial economic conference advice to the provincial governments will be given accordingly.

If occasion arises, however, the Alberta Government will be prepared to express its views on such immigration, says Mr. Brownlee.

Bloodless Sea Fight

British Run Hunter and U.S. Cutter In Engagement

Halifax, N.S.—Tales of an old-fashioned sea scrap, in which the crews of a British run-hunter and a United States cutter battled each other with potatoes, turnips, paint pots and molasses jugs about 70 miles off New York, were told here after the motorship "Ganef" and the "Mary F. Ruth" limped into harbour.

Masters of both vessels claimed they had been rammed by the cutter "Ganef," the "Mary F. Ruth" on Friday, and the "Ganef" on Sunday. The "Ganef" had a large hole in her stern.

Advisory Committee

London, England.—The creation of an advisory committee of representatives of all sections of the British timber trade to accompany the British delegation to the Imperial Economic Conference at Ottawa was strongly urged by Lord Leval in the House of Lords.

The government's representatives should be adequately informed on the technical aspect of the question, he said.

Will Attempt Speed Flight

New York.—Before taking off for Nashville, Tenn., Cyrus Peabody, a veteran military and commercial flyer, announced that within the next few weeks he planned a speed flight from New York to England, France and Germany.

Hold Station Master

Responsible For Wreck

Death Sentence Imposed And Other Employees Got Prison Terms At Detroit. Desleperetrows, U.S.R.R.—The death sentence was imposed upon the railroad station master at Zebosya and his assistant who were convicted of responsibility for a wreck near the station in which a number of passengers were killed.

It was a head-on collision between two trains and the station master was charged with having misled the signals while he was intoxicated. Thirteen other railroad employees, including the crews of both trains, were sentenced to prison terms of one to ten years. One man was exonerated.

Receives Heavy Sentence

Gaston R. Means Convicted On Swindling Charge

Washington.—Gaston R. Means was sentenced to 15 years' imprisonment for swindling Mrs. Evelyn Wain McLean of \$101,000 in an alleged plan to return the kidnapped Lindbergh baby.

Justice James M. Proctor in the District of Columbia Superior Court sentenced the former justice department investigator to 10 years on the charge of \$100,000 ransom and five years for larceny of the \$4,000 expense money. The latter sentence is to begin after the 10-year sentence has been fulfilled.

Demand High Wages

Australian Jobless Refuse Pay Offered By Grape Growers

Sydney, Australia.—The role has made some of the jobless here rather particular about the kind of work they are willing to accept. At Mulgrave, centre of the vineyard district, grape growers agreed to give preference of employment in the picking season to local men of the date. They offered \$2.50 a day with meals and quarters added. The work was rejected.

ST. LAWRENCE SEAWAY ROUTE HAS U.S. SUPPORT

Chicago.—Negotiations with Canada for the development of the St.-Lawrence seaway is now at a favorable platform according to the administration platform presented to the Republican National Convention here.

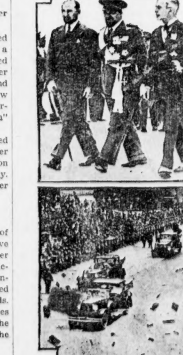

The St. Lawrence plank of the party platform reads: The Republican party stands committed to the development of the Great Lakes-St. Lawrence seaway. Under the direction of President Hoover negotiation of a treaty with Canada for this development is now at a favorable point. Recognizing the inestimable benefits which will accrue to the nation from placing the port of the Great Lakes on an ocean base, the party reaffirms allegiance to its great project and pledges its best efforts to secure its early completion.

Victoria, B.C.—Forest fires are raging in spruce and pine timberland, opposite Douglas Lodge, in the Stuart district of northern British Columbia, and are destroying huge tracts of Indians in the Fort St. James district. It was reported to the government here.

Open Coastal Service

Vancouver, B.C.—The summer service between Vancouver and Sitka was officially opened by the Canadian National Steamships when S.S. Prince George, Captain Neil MacLean, sailed from this port June 13.

ROMES 'VIVA' TO FAMOUS FLIERS

Rome certainly tended an enthusiastic greeting to the aviators from all parts of the world who gathered at the Italian Capital for the Congress of Fliers. Sheets of paper were hurled on the visitors as they drove in procession. Inset above them Captain Sir Hubert Wilkins (left), famous Australian explorer, General Italo Balbo, head of the Italian Fascist government, and Sir Arthur Wilton Brown, who, with Sir John Alcock, was the first man to try to fly across the Atlantic, as they left the tomb of Italy's Unknown Soldier after placing a wreath.

GOVERNMENT ENDORSED

Delegates From All Parts Of Canada Attending Convention At Detroit

Detroit.—Canadians from all parts of the Dominion arriving here for the 16th annual convention of Kiwanis International are prepared for four days of problems pertaining to unemployment aid, urban-rural relations, child welfare, adult education, and civic betterment.

Kiwanis was founded in Detroit on January 21, 1915, and the thousands of Kiwanians from all parts of Canada and the U.S. crowding into the city consider the occasion a pilgrimage back to the birthplace of the service organization. "We are justified in our faith in the future of Kiwanis," declared William O. Harris, of Los Angeles, International president, in his annual message. "We can be proud of our past accomplishments, and our present opportunity lies in the willingness to serve in the social and economic problems that we face today."

Premier Bracken Of Manitoba

Farm Mortgages

Loan Companies In Alberta Will Not Foreclose Under Agreement

Edmonton, Alberta.—Mortgage companies will not foreclose on any farm mortgages for one year without approval of the Alberta Debt Adjustment Board, and no foreclosure will be made while interest payments are being maintained.

This assurance was given the Ponoka constituency association of the United Farmers of Alberta by Premier J. E. Brownlee in addressing the annual general convention. Premier Brownlee said the guarantee of the mortgage companies had been obtained, and he promised to foreclose, arrangements to make payments in grain were being reached.

Goitre Theory

New Finding Of Medical Profession Regarding Treatment

Hamilton, Ont.—Radical changes in the attitude of the medical profession towards the treatment of goitre may result if the findings of Dr. Underhill, of the University of Toronto, are accepted by the American association for the study of goitre, receive full acceptance. The prevalent belief that iodine deficiency was the cause of goitre has been discredited, Dr. Croft asserts. He declares he has made the discovery of a micro-organism, a small fungus which he believed to be the cause. This fungus is found on all cabbage leaves as well as in the soil of those sections of the land known as goitre belts.

B.C. Forest Fires

Victoria, B.C.—Forest fires are raging in spruce and pine timberland, opposite Douglas Lodge, in the Stuart district of northern British Columbia, and are destroying huge tracts of Indians in the Fort St. James district. It was reported to the government here.

Big New Strike Is Reported Near Island Lake

The Pas, Man.—Prospectors are flocking to the scene of what is believed to be a big new gold strike. The strike is some 40 miles northwest of Island Lake, where important gold workings were found during the winter. A rush of claim stalkers from the Island Lake district followed news of the strike.

It is said that the find has not come out, but if the stated samples taken to Island Lake are richer than those taken in that area, which started a big aeroplane rush from Winnipeg a few months ago.

FOREST FIRES CAUSE HEAVY LOSS IN ONTARIO

Port Arthur, Ont.—The number of men fighting fires in the Thunder Bay area has now reached 700, equal to the largest number employed last year.

Biznes at Whitefish Lake and Ojibwa Lake are requiring extra crews, officials said, and 50 additional men have been sent to Sunday Creek to cope with the rapid spread of fire in that district.

The largest fire in the area is about 30 miles north of Graham, but although it covers about 50 miles of territory, it is not the most destructive being mostly in young growth.

To fight fires at Whitefish, Ojibwa and Dog Lakes, and at Gull River, all men and equipment must be taken in by plane.

Fire to the northwest of Port Lake, about 20 miles from Dog Lake, destroyed a group of camps of the Pigeon Timber Company valued at \$100,000 and about 10,000 feet of lumber also fell prey to the flames.

Joseph Macfarland, 55, and C. Macfarland, 22, two members of a fire-fighting brigade, lost their lives in the Ojibwa Lake when a canoe in which they were travelling overturned.

Sudbury, Ont.—Valuable timber is believed to be endangered by a bush fire which was ravaging some 5,000 acres of bush land near Gogama, north of here, according to word reaching Ontario forestry officials.

The bush is being fought by 200 men, but it has not been possible to reach the fire in some places.

One casualty was reported. Paul Nataska was injured and badly burned when struck by a falling tree.

Kiwanis International

Delegates From All Parts Of Canada Attending Convention At Detroit

Detroit.—Canadians from all parts of the Dominion arriving here for the 16th annual convention of Kiwanis International are prepared for four days of problems pertaining to unemployment aid, urban-rural relations, child welfare, adult education, and civic betterment.

Kiwanis was founded in Detroit on January 21, 1915, and the thousands of Kiwanians from all parts of Canada and the U.S. crowding into the city consider the occasion a pilgrimage back to the birthplace of the service organization. "We are justified in our faith in the future of Kiwanis," declared William O. Harris, of Los Angeles, International president, in his annual message. "We can be proud of our past accomplishments, and our present opportunity lies in the willingness to serve in the social and economic problems that we face today."

The Canadian delegations are in charge of three district governors: Charles A. Fowler, of Halifax, N.S., Ontario-Quebec-Maritime district; Dr. Joseph P. Wolfe, of Swift Current, Sask.; Western Canada district; and Clint S. Harley, of Seattle, Pacific Northwest district.

Two international officers, Andrew G. Gaul, of Hamilton, Ont., vice-president, and Dr. Charles C. Tatham, of Edmonton, trustee, will take leading parts in the convention.

Over 1,800 Kiwanis clubs across Canada and the U.S. will meet simultaneously. This United fellowship occasion will bring together over 80,000 men for an expression of gratitude for the community betterment and welfare work of Kiwanis during the past year.

The Kiwanis clubs in Canada are observing Canadian citizenship week. June 26 to July 2, with patriotic programs. The observance is being directed by the Kiwanis International committee on public affairs for Canada.

H. Stanley Hignam, of Ottawa, is chairman, and Nelson A. Harrison, of Vancouver, and Richard W. Moore, Saskatoon, members of the committee.

Gold Rush In Manitoba

Big New Strike Is Reported Near Island Lake

The Pas, Man.—Prospectors are flocking to the scene of what is believed to be a big new gold strike. The strike is some 40 miles northwest of Island Lake, where important gold workings were found during the winter. A rush of claim stalkers from the Island Lake district followed news of the strike.

It is said that the find has not come out, but if the stated samples taken to Island Lake are richer than those taken in that area, which started a big aeroplane rush from Winnipeg a few months ago.

Hoover Re-Nominated

Carries Republican Convention In First Ballot

Chicago.—President Herbert Hoover was re-nominated almost without opposition by the Republican National Convention.

In a six-minute walkway endorsement which rallied to his standard all but a handful of states, Hoover received 900 votes, more than the re-affirmation of the grant of leadership voted him four years ago at Kansas City.

A long, noisy and colorful demonstration had greeted the presentation of his name to the convention, with his home state of California leading the parade.

The re-nomination had been forecast months ago, and it only remained for the assembled delegates to give to their ratification the stamp of unmistakable emphasis. This they did with trimmings.

Exports Lower For May

Balance Of Trade Against Canada For May 1911-1913

Ottawa, Ont.—The balance of trade was slightly against Canada in the month of May. Official figures issued through the Department of National Revenue show total exports of Canadian produce during last month at a valuation of \$40,594,494.

Imports of foreign goods from Canada amounted to \$367,895, making total exports of \$41,062,389.

Private statistics indicate the importation during the same month were \$41,353,710, of which \$10,027,203 were free goods and \$28,326,507 dutiable.

The balance of trade against Canada during the month was \$2,501,411.

Breaks World Air Record

Dessanoat Del Garda, Italy.—Lieutenant Nori, Italian service ace, flew 430 miles an hour to exceed the world record of 408 miles an hour, but he lost an elevator rudder on the final lap and his record was invalidated, it became known.

UNION POWER COMPANY
WILL PAY INTEREST
ON DEPOSITS

An interesting disclosure has just been made regarding interest payment on deposits made to the Union Power Company, assumably for power and service deposits, which that Company acquires before electricity will be turned on.

Recently the Town of Hanna has been investigating the workings of the Union Power Company in relation to its light and power rates and considerable discussion has already taken place on the subject. The council of that town, after an investigation on the rates has been completed, will apply to the Board of Public Utilities to have all rates reduced.

From the above report it now seems that the town of Carbon, which is using the Union Power supply, is in line for an adjustment. Mr. Drumheller, of the Union Power Company, informed residents of Hanna that his company always paid interest on deposits held by them "whenever application was made." This means that, where the consumer was ignorant of this procedure, tend to believe importance of this clause in the Union Power and Village agreement is 100 per cent in Carbon no interest was offered to him, and as a result we believe that back interest should be forthcoming to all who have paid a meter deposit at the time of installation.

At the rate of five per cent, compounded annually, any resident who paid 25 deposit on meters when they were installed in 1926, would be entitled to about one dollar in interest. While the amount is individually low, when taken collectively it will mean considerable to local residents. We can all use that extra dollar. Let's go after it!

This matter is vitally important to the citizens of Carbon. The only way to go about this business of dealing with the Power Company is through our local council, where some action can be obtained. Therefore, after bringing this matter before the Council, we leave it with them to act upon. Being the representatives of the tax payers of Carbon it is their bound duty to put every effort into bringing about this interest payment.

At the same time the Village would be well advised to get in touch with the secretary of the town of Hanna and keep informed with the progress that they are making by applying to the Board of Public Utilities for a reduction of power and light rates. Also regarding the service charge.
